Mumbai, 8 October 2019 – The 11th edition of South Asia's leading maritime trade show, INMEX SMM India, has been a huge success for both visitors and exhibitors. More than 5.000 top level trade visitors joined the show at the Bombay Exhibition Centre in Mumbai, from 3 to 5 October 2019. Over 260 exhibitors from 20 nations presented the latest trends and innovative products in the maritime industry.

After three fully packed days the exhibitors showed themselves very satisfied with the high quality of visitors at their booths. The trade fair was flanked by a high quality conference programme on the current topics of the maritime industry such as solutions for a more sustainable shipping. This was particularly discussed at the second and successful edition of the CIMAC Circle India. Several networking events gave decision makers room for business talks and new contacts. In the end INMEX SMM India 2019 served once again as the ideal springboard for maritime suppliers that want to enter the South Asian market or are willing to exceed their existing business relations in the region.

The joint venture of Hamburg Messe und Congress GmbH and Informa Markets was launched in 2015 and happens every two odd years. The next episode will take place from 11 to 13 October 2021 at the Bombay Exhibition Centre in Mumbai.
